

The image features a vibrant red background with a complex geometric pattern of thick black lines. The lines form various rectangular and triangular shapes, some of which are filled with black. A prominent horizontal line runs across the upper third of the page, while a vertical line runs down the right side. In the center, there is a white rectangular sticker with the year '1971' printed in black. Below the sticker, the word 'petosegan' is written in a black, cursive script. The overall composition is minimalist and modern.

Petoskey had a very successful wrestling season this year. Alpena High being the only team to defeat us. The high point of the season was when Tom Evashevski won the State Championship at 138 pounds.

Congratulations to this years team for a great season. With most of the team made up of underclassmen, it looks like wrestling will be strong in the future.
