Fall

There's a crispness in the air that greets the morning sun, a feeling of anticipation, a new day has begun. Harvest days are ending, winter is drawing near, yet in between is surely the most.

The Petoskey Volleyball Team struggled a little bit this year with only four returning seniors, they beat Sault St. Marie in the first round of districts and later lost a close game in the second round against Traverse City Central. This year was a rebuilding year for the team and they are looking forward to having a young team next year, with a lot of returning players.

DRAFTING CAD

Mr. Baldwin offers an intro to drafting class, where the students learn about architectural drawing and engineering/CAD. Second year, students are in the M.I.T.E.S program (Michigan Industrial & Technology Education Society). This program allows students to come up with their own designs and compete against other schools. Drafting offers a wide variety of jobs for the future, which makes it a great class for students who would like to continue their education after high school.

Robotics

Members of the Petoskey High School Robotics Team do more than just build and control walking, talking machines. They think beyond what others think, they imagine what seems to be impossible. Given directions, guidelines, a box of parts and a task, they design, program, and build in six weeks what only a few could begin to understand. The 2014 team constructed a robot that can throw, catch and shoot a large exercise ball.

The team competed in two district competitions and strived to earn a chance to compete at the international level.

Funds for the program are acquired through sponsorships from local companies and fundraising by the team. The robotics team is coached by Tom Ochs with help from volunteer mentors.

Spring Sports

When the frost on grass is
replaced with sweet dew,
When the fields become
dotted with flowers, reminding
me of you,
When the lonely silence
becomes filled with melodies,
When you feel warm air,
erasing bad memories
We know winter has ended.
