Class History

In September, 1913, the class of '17 entered high school. We bravely ignored the remarks of the upper classmen concerning those "mere freshmen" and organized immediately for school activities with Arlie Krussell as president. Arlie succeeded himself in the second year of our existence, and the class meetings during our Junior and Senior years have been directed by Clare Dean and Milo Ernst. The class was represented in the Freshman-Sophomore debate by Arlie Krussell, Alice Ward and Forest Madlem. Even the sophomores could not overthrow our carefully constructed arguments and they gracefully accepted the decision in our favor. Again in our sophomore year we had a strong team composed of Arlie Krussell, Irene Purchiss and Elton Cook. We hated to do it, but we just couldn't help beating the Freshmen in that debate. The class has a splendid debating record. Arlie Krussell was the first Freshman to win a place on the interscholastic debating team. Milo Ernst, Elton Cook, Lawrence Thomas and Forrest Madlem are also members of the high school debating teams. Five debators out of one class is a record to be proud of.

In athletics too, the class has excelled. Royal Lawton, Trent Sickles, Henry Hamill, Milford Reed, James Hitchings, Marino Sik, Ernest Quinn, and Lawrence Thomas have been stars in football, basketball, baseball or track.

To the class of '17 belongs the credit for the establishment of the Observer. Dubois Childs, the instigator of the proposition and the first editor of the Observer, presented the matter to the class in our Sophomore year. With the co-operation of the faculty we published the first issue. From a small beginning it has grown in in-

Petoskey High School has always been in the front rank in Athletics. This year we have tried to live up to our reputation, and not without success. Although no championship teams have been turned out this year, we feel that, considering the games won and the benefit derived by a large number of Students by participation in them, the year has been very successful.

When School opened in the fall there was a strong feeling among the students that a football team should be organized. This sport, however, seems to have been dropped from our athletic activities altogether. Since this game has always been very popular at P. H. S. in the past, we are very sorry to see it dropped and hope that before long it will be taken up again. The Senior-Sophomore and Junior-Fresh game was scheduled to come off on Thanksgiving Day. Both teams practiced hard but were unable to play on account of bad weather.

Tennis also had its place in our athletic program. Although this sport is a new one for the high school as a whole, the two tournaments were snappy and well fought. Ralph Benyas carried away the honors in the Boys' tournament while Irene Goldstein won the Girls'. More interest will undoubtedly be given this sport after the completion of our new courts.

Practice for basket ball started early with a large number of boys trying out. In the first games played the team defeated the Alumni and the second teams by large scores. Royal Lawton was then elected Captain and the season started in earnest. Pellston played the first game here and was defeated. A week later, however, she turned the tables leaving the honors equally divided. The two second teams played the preliminary games, P. H. S. winning both. Then came a series of five victories. Onaway, Bellaire, and Harbor Springs were each defeated once while Charlevoix lost to our team,
both on her own floor and ours. The next series of five games is not so pleasant to think about. Cheboygan and Boyne City each handed us a defeat, while Cadillac had the honor of being the only team to beat us on our home floor. The last three games were all victories, Harbor Springs was again defeated while Boyne City and Cheboygan were both repaid for winning from us earlier in the season. With the season ended we were able to show up a total of 450 points to our opponents' 412. The season was very successful. Fifteen games were played and the eight which were played here were well attended. A large number of the younger members of the high school trained with the team throughout the year and will make a likely bunch to pick from next season. Nine fellows received their letters for basket ball.

Our chances for track were good but because of the fact that the war has depleted the ranks of the high school athletes, no Northern Michigan track meet was held.

This left baseball the only sport enjoyed this spring. The schedule was very short but fairly successful. The first game was played with the faculty plus a few recruits. Desiring to show the team that life is not all pleasure, the faculty carried away the honors. Two games were played with Charlevoix. Each team lost on their home grounds. Pellston, the last team played, was defeated by the score of 18 to 1. This game featured by all around good work and a home run by Captain Sickles. The men to receive their letters are Hitchings, Thomas, Lawton, Benyas, Quinn, Mudgett, Hoffer, Sik, and R. Reed.

One more baseball game is scheduled to take place this time with Traverse City. We are hoping to add this to our list of victories.

Cliosophic

The annual open meeting of the Cliosophic Society was held on May 21. This ended a pleasant year's work. At this meeting the girls presented "The Betty Wales Girls and Mr. Kidd," an interesting college play. The music furnished by the High School Orchestra, Miss Bird Miss Henkle, Miss Barber, and Miss Feldman, added much to the enjoyment of the program. The cast of the play was as follows:

Betty Wales, an all-around girl—Ruth McIntyre.
Helen Chase Adams, a former roommate of Betty's and a "grind"—Helen Phelps.
Madeline Ayres, an original young person from Bohemia, N. Y.—Helen Stoughton.
Mary Brooks, a somewhat patronizing but popular Senior—Thelma Beatty.
Roberta Lewis, an ardent admirer of Mary's—Jeanette Lempke.
Miss Priscilla Hicks, an English teacher known by the girls as Prunes and Prisms Hicks—Alice Ward.
"The Three B's" Bobbi Hindreth, Bob Parker, Babe Henderson, a joyous trio going through college on the contagion of their smiles—Beatrice Stone, Shirley Salisbury, Lurline Rice.
Georgina Armes, a long suffering Junior born without a sense of humor—Tremineer Thomas.
The real Georgia Ames, a little round-faced Freshman—Florence Gilman.
DEBATING TEAMS
Petoskey's reputation for debating is certainly a commendable one. For nine years we have been interested in interscholastic debate work, having won one to three debates each year. In its self this may not seem so wonderful, but when we consider that, in all this time, we have lost but two debates we can readily see why it is that we have such a good reputation not only at home but outside as well.

This year P. H. S. was a member of the Triangle Debating League composed of Traverse City, Cadillac and Petoskey. The Traverse City team debated here against a team composed of Arlie Krussell, George Rice and Howard Truesdell. The team did splendid work, thanks to their own hard work and the good coaching they received, and took the debate from the Traverse team by a 3 to 0 decision. In the meantime the other P. H. S. team, composed of Elton Cook, Forest Madlem and Lawrence Thomas, was debating on the opposite side of the question at Cadillac. They too, secured a unanimous decision and these two victories made us the champions of the League.

Four of these debators will graduate this year and Coach Wilbur, also is planning to leave us. Professor Wilbur has been with us two years and during that time he has turned out five teams, four of them victorious ones. We realize that it will be difficult to secure such an efficient debating coach again and regret very much that he is to leave Petoskey.

Sic: "I hear J. H. B. has stuffed one of her cushions with some of her love letters."

Dob: "Pretty soft, what?"

My heartiest sympathy is with the photographer who listened to that coy, "I fear I'll break the camery," joke from all the seniors who had their pictures taken. How dear to my heart is the cash of my subscriber? When the generous subscriber presents his fee to view, But he who won't pay, I refrain from describing For perhaps, gentle reader, that one may be you.
Forensic Club

The Petoskey Forensic Club held its final meeting for the school year Wednesday evening, May 23, at which time George S. Rice, Jr., Donald Mills and Howard Truesdell were initiated. The event ended with a banquet at "The Braun." This Club was organized in 1915 for the purpose of boosting debating as a High School activity and to combine all the efforts of debaters in making future victories possible. Its active membership this year consists of: Coach R. G. Wilbur, Arlie Krussell, Elton Cook, Forrest Madlem, George S. Rice, Jr., Howard Truesdell and Donald Mills. Its entire Alumni membership has attended or is attending some higher institution of learning and has reflected honor on their high school. Debating has to date, been one of Petoskey High School's most successful student activities and the Club is trying to encourage more of the students to prepare themselves for debators, orators, public speakers and statesmen and hence insure for Petoskey High School in the future her share of public honors.

Student House

Perhaps the most practical activity of P. H. S. is its Student House. Here, as in no other place, the Students learn to overcome their timidity and to speak in public. To be able to talk in public and to think clearly while facing a large crowd is a thing well worth having. Therein lies the good of the House.

This year the season started with fifty members enrolled but this number was reduced to about thirty-five regular members. Prof. Wilbur was re-elected Speaker, while Milo Ernst was elected Clerk and Marino Sik, Sergeant at Arms. Trent Sickles was Party Leader of the Independent Party, Elton Cook of the Republican and Arlie Krussell of the Progressive. Mr. Lantz and Mr. Kelder were faculty critics. In all ten meetings were held.

The season was closed with the customary House banquet, given this time by the Domestic Science Department. It was a splendid banquet and was enjoyed by all.
To edit the Observer means a great deal of extra work for all those concerned. Although it is published by the Students of P. H. S., the bulk of the work necessarily falls to the lot of the staff. This year was no exception and a great deal of time and worry has been spent upon the paper in order to make it a success. The editor alone cannot do this, but must depend upon the support of a willing and efficient staff. Therefore I wish to thank the staff both for myself and the school for the Observer which they have given us this year.

The Editor, in behalf of the staff, wishes to express the gratitude we feel towards the faculty and the student body for the whole hearted support given us this year. This support is essential to our magazine and we deem ourselves lucky in getting such a large measure of it. Although most of us will leave school this year we will still have an active interest in the paper and will do our bit towards supporting it by subscribing for it. This is one thing every Student should do and we hope that next year at least 350 subscription tickets will be sold. We extend our best wishes to next year's Editor and Staff and to other managers of the Observer of future years.

Class Song

We have come to the end of our High School days,
And the parting hour is here,
And as we go on our several ways,
In our hearts will be mem'ries dear.
We have made many friends who are staunch and true,
And those we will ne'er forget,
For the dear old colors, the white and blue,
Bind those fast who've 'neath them met.
Now life with its lessons before us lies,
And its ways we have yet to learn,
But the “Finis pendet origine”
Will be our faithful guide each turn.
The colors we wear we'll e'er hold dear,
And to them fond mem'ries cling,
They'll bring back the hour of our parting here
When life was in its spring.

SHOES
That Suit Them All

This shoe store looks forward, not back. It pictures the child as the grown-up, and remembers that, after all, a satisfied customer is the best advertisement a store can have. Better than low prices, better than broken promises, better than building business simply for the day and hour.

And so, the shoes it sells to children, boys, girls, women and men must satisfy or they must come back for money back. We are building for permanent trade from all the family here.

end of our high school days we regret that the pleasant
associations are so soon to end. But even though we will
no longer be members of the school we shall still cherish
the same feeling of loyalty and interest in its progress.

Mr. Wilbur: (to dull boy in geometry) "You should be ashamed of yourself. Why at your age George Washington was a surveyor."

Pupil: "Yes, sir, and at your age he was president of the United States."

Mr. Lantz: "Where was the Annapolis Convention?"

Lawrence Thomas (Intelligently) "Why, err, at Philadelphia."

Little Boy: "Uncle Henry, may I take the street car home."

Uncle: "No, they might want it."

"I want to be a Senior and with the Senior Stand.
With a fountain pen behind my ear and a notebook in my hand;
I wouldn't be a President, I wouldn't be a king,
I wouldn't be an emperor, for all that wealth could bring;
I wouldn't be an angel, for angels have to sing;
I'd rather be a Senior, and never do a thing."

Hank: "How are you, P. J. All right?"
P. J.: "People say I am not, but I think I am."
