# *The Adventures of the Northman Spirit*

High School is an adventure, and as both individuals and a group we must conquer the challenges that lie ahead. We are all our own superhero with unique strengths and abilities along with weaknesses and fears.

The Yearbook staff has chosen a comic book theme to represent this year. A comic book can be significant to everyone here at P.H.S. We have the brilliant Master Minds that share their knowledge with others and make our school more enjoyable. These individuals are unsung heroes that deserve the greatest respect. The academic section is where we see the different adventures others experience everyday within the classroom.

The incredible strength of the Northmen is displayed in every sporting event played. We are protecting our pride as a whole, no matter if we are a player or a spectator, cheering for victory. The sports section displays the strength in every sport along with the teamwork and heart that is put into every season.

Throughout our high school careers we try to find ourselves along with our own individual strengths. In some ways we have a secret identity. There is the school version of ourselves in which we are focused, concentrated, and tame. There is also our "better half" which is released after school where we are crazy, spontaneous and out to have a great time. The Student Life section brings out the Superman in every Clark Kent. From the dances to the always-interesting spirit weeks, students are able to express their inner self both in school and out.

From sports to clubs there is always a way to get involved within the school. A banned of heroes meet to find ways to better the community. The members who are a part of these clubs and organization are fighting for the common good everyday, and it's a rewarding opportunity that anyone can be a part of. Finally we show off our everyday heroes in the mug shot section. Everyone here at P.H.S has something different to offer, and no matter what your individual strength might be, it makes our school that much more unique and that much more powerful.

# N-MEN

What is a superhero without team members, a side kick, a professor, or even a butler? Together, forces of good come together to further enhance the skills and abilities of the superhero. Truth be told, a superhero is nothing without their team. Here at PHS, our individual interests and beliefs come together with others who share similar ideas. From riding towards victory with agility on a 1,000-pound horse, to completing a major production while battling time, or simply fighting for the common good in our communities, clubs and organizations are the forces that keep our spirits high, our hallways safe, and our lives fun.

" I don't really skate that often but I love to"  
Douglas Mckillip(09).

## Skate Boarding Isn't a Crime

Petoskey skate club is a new program, only two years old, but its growing quickly. There are ten people associated in this club and they are very enthusiastic to skate. Everyday, rain, sleet, or snow you'll see them on the streets of Petoskey doing what they do best.

Many of the skaters like that the skate park was re-made because it has smoother ground and it's flatter then it used to be. However, due to the weather they were unable to get much use out of it this year. Jacob Breed (10) said " I love to skate and I think we're making an impact on the younger kids to skate and I think it's sweet!"

The skate club goes to tournaments downstate and they skate in huge indoor skate parks. They don't just skate for fun, they skate to be recognized, and sometimes they walk away with some cash. To help get themselves noticed they post videos on the internet. They create these videos so they can send them to sponsors of friends, who might take an interest in the boys. These incredibly talented individuals work extremely hard, and are dedicated to their sport.

## Yearbookin'

Yearbook class teaches students responsibility, dedication to a deadline, and how to interact with the community. Because the Yearbook class isn't school funded, it's up to students to earn the amount needed to produce a yearbook. One of the main jobs of a Yearbook member is going out into community and speaking with businesses about purchasing an advertisement. Without the generous support of the community, creating a yearbook would not be possible.

Yearbook is an enjoyable class, but it takes a lot of hard work and commitment. Taking pictures at sporting events and interviewing other students, gets the Yearbook students involved within the school. "I enjoy working with other people and taking pictures." says Ashley Burch (09). The number of students in the class is smaller compared to other classes, but that's never a problem because the staff become very close. "Being an exchange student, yearbook gave me a good opportunity to get to know a great group of people." stated Laura Fuerst (08). Each staff member has something different to offer to the class. These contributions help create diversity within the book.

Creating a yearbook is not easy, but the staff works incredibly hard to produce a book that relates to everyone. It's a rewarding project that helps preserve the memories from every year. High School flies by, and it's nice to be able to sit back and remember the previous year.

"It was a very educational week I especially enjoyed looking at United Kingdom." Katherine Cartwright (09)

## Serving the World

Debate and Forensics are both great elective courses where students are able to expand their views on english. In Debate students learn how to research a topic and build a case, also to refute and cross-examine their opponents. In Forensics, students are asked to present in front of a group by doing storytelling, and interpretive reading. Both classes travel around the state to test their skills in Competition. By taking these courses students are given the opportunity to learn leadership skills that will help them in a professional environment.

Mrs. Pontoni is the leader of the Model UN organization. In this group each member is asked to represent a different country and learn how their government and society functions. Model UN allows students to keep up with recent events and world issues. When a country is experiencing problems, the person representing it must try to think of a solution. The classes main objective is to learn about international relations. Model UN is a great club for those who wish to broaden their views on the world.

Students in Debate and Forensics or Model UN are always pushing to further achieve. The students involved in these clubs learn skills that help develop leadership qualities and interaction in a professional environment.

## Helping Out in the Community

DECA is an association of marketing students. This year, members of DECA were asked to pick a local store and research ways to make it environmentally friendly. Students can choose to compete through one of three categories: role playing, written research, or the merit award activities. Students who qualified for the international competition were Sarah Davenport (09) and Steffany Whittaker (09) for the Fashion Merchandizing Promotion Plan; Lyndsey Koch (08), Taylor Smith (08) and Kevin Jakeway (08) for the Business and Financial Services Marketing Research Program; and Kaitlyn Grangood (08) and Ellen Goldich (08) for the Merit Awards Program. They will travel to Atlanta, Georgia For the international competition.

FCCLA (Family Career and Community Leaders of America) is a student organization that helps young men and women become leaders. Members deal with personal, family, work, and social issues through community service. Students compete by presenting their community service ideas to judges. This year the competition theme is Michigan Idol. FCCLA members are a great help to our local community.

## **Fighting for the Common Good**

The Petoskey High School Quiz Bowl Team had a great season this year, they competed in six Char-Em tournaments that were held at NCMC throughout the year. The team, which consists of 13 members, made it to Quiz Central which is a televised tournament that 32 other schools from across northern and central Michigan compete in. It's extremely important to do well in these tournaments because up to \$10,000 dollars in scholarships are rewarded to the winners. Gage Guswiler (08), Mark Wilhelm (08), Andrew Grandstaff (08), Robert Doull (09), and Spencer Bonadao (08) did an outstanding job by winning their respected divisions and finishing as runner up in the final four tournaments. "We had a fun and productive season. I will really miss all the seniors!" stated Mr. Koch, the teams advisor.

Skills USA is a club in which students are able to use their talents to better the community. The Petoskey team did very well this year. They competed in the Building Activities competition for regionals and are now going to Kansas City to compete. Jennifer Hall (08) won an award on the trip and delivered a great presentation. From cooking to building and repairing homes, members of Skills USA worked hard and together to develop something great that will benefit others. "This year was great, we all worked really well together. It's a very rewarding experience." stated Joshua Sommerville (09). With such a successful year members are excited to start over and set new goals for next year.

 Bridgett Winn (10).

## Helping With The Community

The major focus of National Honor Society, Student Council, and Key Club is to benefit the community. Student Council is club in a class setting which is composed of electing four officers from each grade. Student council is responsible for putting together the dances, pep assemblies, along with student and teacher appreciation.

Key Club has been going on for about 6 years and is now a miraculous organization in Petoskey High School. "My favorite thing to do is help the community" says Catie Gammon (10). Some of the Community Services that Key Club worked on this year was the Camp Daggett Fun Day, Kawana's Fish Dinner, planning the District Convention, and the Children's Health Fair.

National Honor Society is also a organization that helps with the community. This organization holds two blood drives occurring in September and February. Both events ended with a great turn out and much support. The NHS organization this year has made a big difference to Petoskey High School as did Student Council and Key Club.

"Being a part of the steel drum band was an experience I will always remember." - Dylan Dunn(08)

"The musical talent at PHS is outstanding" - Dmitry Kogan

## Tune It up

Petoskey steel drum band has produced 4 CD's available since 1998. All of the proceeds from the sale of Cd's go directly into the steel drum account to pay for tuning and maintenance for the instruments. Mr. Bennett puts on a great Jazz and steel drum band every year with their performance's. They play at the Petoskey's open house every year and many more locations in Petoskey. Jazz and Steel drum band do a great job and will succeed even more through the years. Jazz and Steel is a time for kids to show off their musical talent and gain more fans. Petoskey's steel drum band is a big hit to Petoskey High School and the community. The jazz and steel drum band doesn't only do the open house or assemblies at school, they also play at weddings and parties. Students join jazz and steel drum band not only because they love music, but also because they love entertaining people and they love performing for big crowds.

## Fuga a Argentina

This spring break the Spanish Club, led by Mr. Tramontini, took a vacation to Argentina. There, the students were able to practice their foreign language skills and experience a new culture. The high schoolers spread out and lived with four different host families. They also went as a group to a horse ranch, spoke at an Argentine school, visited flea markets and explored Buenos Aries. The students learned many new things but were able to have fun at the same time. They said that the weather was great and the people were nice. Mr. Tramontini will return to another spanish speaking country with his class in two years.

The club raised money by selling Christmas greenery a few months before the trip. Some were able to pay for the majority of their tickets. In the end, their hard work paid off and they were able to experience the wonders of Argentina.

## Saving Lives

Every year the Health Occupations students hold an annual blood drive where members of the Red Cross Association come and assist. The HOSA team had a great year, they held a very successful blood drive and went on a class trip to Traverse City and competed in the Community Awareness Project. Dr. Bost led a great group and the class had a blast helping others. During the year they hosted many events that helped the community. The group went to a lot of individual competitions and as a group they were involved in Operation Thanksgiving, blood drives, and they also interviewed the elderly and had a book made called *Remember Me*. Members from Bortz and Sunnybank retirement home were interviewed for the book. Petoskey students got involved and they made a great impression, they represented PHS very well and are excited to do even more next year.

"It's great leadership experience," states Thomas Jakubiak.

## Marching to Victory

The 236 member Petoskey Marching Band performed the show *The West Side Story*. With a compilation of songs including "Maria", "America", "Officer Krupke", "Mambo" and "Tonight" there's a little musical variety for everyone.

On average the marching Northmen practice ten hours a week with morning and night rehearsals as well as sectionals. In this time the band is able to accomplish great musical, physical and emotional feats. Band is known to teach musicians discipline, dedication and perseverance. With heat of band camp, the rain of fall and a chilly frost at the end of the season, there isn't much to hold back the competitive nature of the band.

The marching Northmen ended their season with the highest score in years preceding. They scored a 95.4 out of 100 at their last competitions in East Kentwood, as well as Jenison, where they also won grand champion of the event. The band has also acquired caption awards of excellence throughout the season including percussion, color guard, marching and music.

"Stats was a fun way to end my senior year. It's a good time to interact with the wrestlers. I just wish I had joined sooner," Lindsey McVicker (08).

"Stats is a lot of fun. Spending time with friends is the best part. The guys did well this year and I'm disappointed the season ended so fast," Shai Caviness (08).

## Leaps And Bounds

There are many challenges in Stat Club that most people overlook. There are 17 girls that equally contribute to the other's success. Everyone has an assignment, half of them keep score of the matches and the others serve at the school concession stand. These "Stat Girls" work very hard just to keep the wrestling team moving.

Equestrian team this year had many talented members from all grades that achieved excellent rankings this season. The members of the Equestrian team work extremely hard to improve themselves throughout the season. The team has an incredible fan base, from teammates to parents, each member is encouraged and wished the best.

The Equestrian team members have a rough life style at times. Traveling and the up keep of horses shows how dedicated the members are. From triumph to hardship, the members of the Petoskey Equestrian team stuck together and accomplished a season to be proud of.

 6.) Riding without a saddle, Cristina Maskaluk(10) received third place on her horse Elvis.

# The Master Minds

A superhero relies on physical strength to victor, but also depends strongly upon their mentality and full use of sense. By intricately strategizing and planning out new ways to capture villains, superheroes reveal the true difference between them and the average person. Academics are the support for a hero's life, by keeping the mind in constant use. How else could one calculate the speed and distance without the use of Math and Science? What is a hero without an expanded and unique exclamation once learned through English vocabulary? Who would save a chocking victim, without the skills learned in Health or Medical Occupations? With dedication, perseverance, and discipline, students show their hero-like qualities each and every day in the classrooms.

## Brain Power!

Math and science are two very important subjects in school that help guide students through everyday life and determine the future. They are two subjects that are considered by many, the hardest out of the four core subjects. Students are expected to learn the concepts that math and science offer with the help of all the wonderful teachers.

Math is a subject that not everyone likes but it's inevitable for the real world. The classes range from integrated math to calculus. The freshman this year have new requirements that make it just a bit harder to graduate. They have to make it through four years of math.

Science is also very important for the future. It teaches students concepts that students will need all through life. Science courses range from animal science to AP biology. This year, classes were changed around so Science I-IV classes were dropped and Physics, Biology, and Chemistry were added. Also, this year, honors classes were created for all the students wanting to excel through school.

## World At End

There are a variety of different types of english and social studies classes that are available to take at PHS. A few of the different English classes are mythology, creative writing, and English I-IV. Another great opportunity that PHS offers are AP classes that count for college credit. The two AP English classes offered are AP Composition and Language and AP Literature.

There are also many different Social Studies classes. These classes include US history, World History, Government, and Economics. There is also an AP Government offered.

English and social studies are required classes at PHS. Usually, freshmen take english I and world geography/economics. Most seniors take an AP class or world geography. Speech is also a class that a lot of seniors take to prepare themselves to talk to big groups of people, college, and writing papers.

## Creative Minds

Art and Foreign Language are two very popular subjects at Petoskey High School. They both make students step out of their comfort zone, whether it's reading a story in a foreign tongue, or expressing themselves through a painting. Art and Foreign Language are enriching programs that are appreciated by many.

Learning a new language is a goal for many students at PHS. This is helpful for students planning on traveling or relocating to other countries. The foreign language classes taught are spanish, french, latin and greek. It is required to take two years of a foreign language to graduate, but that's not a complaint one would hear from students because learning a new language is a wonderful opportunity not many pass up. The three spanish teachers are Mr. Esterline, Mr. Koontz, and Mr. Tramontini. Mr. Koontz also teaches latin and greek. The only french teacher here at PHS is Mrs. Baker-Smith. These teachers all do an incredible job and they deserve a big thanks for all their hard work and patience

Art class is a great way for students to show their creativity and perhaps it's part of their pathway to pursuing a career in art. Ms. Patterson teaches general, advanced, and studio art. She has been teaching these classes for three years now. The skills used in art class can be interpreted and used as life skills.

"The most interesting part about band is band camp." Molly Gibson (09)

## Tune It Up!

After taking Grand Champs for marching band, the Petoskey Marching Northmen quickly jump back into creating more amazing concerts that are enjoyed by the whole community. Along with the amazing talents of the band, PHS has an incredible choir, whose performances give chills to all that listen. Both band and choir are outstanding and they are a huge part of making PHS a school to be proud of.

Band and choir have concerts, festivals, and competitions in which they display their skills. Their hard work and dedication show through the amount of awards and acknowledgments that they receive. With the support of the community both band and choir have an enormous fan base that love watching them succeed.

Work ethic is one of the greatest qualities found in these students. Most of the band students have dedicated many years into learning not only how to play their instruments, but to perfecting each step while they march. Those in choir show their passion for singing as they are heard throughout the hallways. Both groups put on a great show every time they perform.

## Business Boom!

Marketing and Business Technology are great ways for students to prepare for their future jobs and experience something new. From excelling on the computer to running a store, students are given different opportunities to test out their chosen pathway.

Business Technology introduces students to Microsoft Office which teaches them skills that will become useful in everyday life. Learning how to balance a checkbook, create a resume, and perform basic computer skills will prepare students for life after school. With great achievement comes reward. If students excel in Business Technology for two years, they can become certified as an expert in Microsoft Office. This opens up many opportunities for future jobs. Mrs. Babcock has been teaching Business Technology for 8 years and continues to do an excellent job.

Marketing is another class which opens up many doors for students. Mr. Hunt teaches marketing and has been for 3 years now. This class teaches students entrepreneurship, economics, advertising, and responsibility. Marketing students get the opportunity to run the local Pit Stop store, where their skills are put into action. Not only is Marketing a great hands-on experience, it allows students to be apart of the school and broaden their interest.

## Having a Blast in P.E., Health, and Co-op.

Physical Education (P.E.) is a way for students to get in shape and have fun while in school. It is also a class for athletes to stay in shape and practice their sport. P.E. consists of five classes: Athletes P.E., General P.E., Walk A Lot, Advanced P.E., and Aerobics. Walk A Lot is a new class this year and it's for students who want a good work out while experiencing the thrills of nature. Mrs. Biddick teaches Walk A Lot while Mr. Arthur and Mr. Starkey are the other P.E. teachers.

The Health teachers are Dr. Bost and Mrs. Kennedy. Health class is taught to make students aware of the dangerous drugs and alcohol that can be available. It also explains numerous subjects from obesity to pregnancy.

Co-op is a class taught by Mrs. Lewis that is intended for Juniors and Seniors. This is designed for students to get a hands-on experience about what it is like in the work world and it also gives the students the privilege to miss some school.

Jordyn Robinson (08)

## Shake it Up

Petoskey High School offers many classes that help prepare students for life on their own. Some of these classes include Foods, Life Management, and Auto. These classes offer experience to expand their career after high school.

Foods is a class that helps students learn the basics of cooking and cleaning up once they are done. It also gives them experience with setting tables and serving others. Almost every Friday, Foods gives students an option to dine at Car Hop, and enjoy the food they have prepared.

Life Management prepares students for childhood development and teaches them the basics about taking care of a baby. It also teaches students how to feed babies and keep them healthy. It helps students stay on track. They are taught to stay away from all the peer pressure with drugs and alcohol. Life Management also offers students the opportunity to get their CPR license in case of an emergency.

Another class that prepares students for their future is Auto. This class gives students the chance to see how the world is working with mechanics outside of the school. Auto gives students the opportunity to fix real cars. Students work on all parts of a car, from the inside out. It is very helpful for students that are looking for a career in the auto industry.

Hannah Splan (09)

"Computer Programming is a fun class and it's not too difficult."  
Jordan Neal(08)

## A Team Effort

Building Trades is a class that gives students an opportunity to build a house. After all their hard work they actually get to sell the house. This allows students who may be interested in construction get a feel for it. Students learn all of the rules and safety that go along with building homes. Building Trades is taught by Mr. Liebler. Students work hard but also have a fun time doing it.

Drafting gives students the chance to design things such as homes, cars and other buildings. Drafting students are able to try new things that could possibly be a part of their future. Mr. Baldwin is an great teacher and inspirers students to excel in the class. Drafting is an excellent way for students to explore the artistic side on computers.

Computer Programming teaches students what really goes on inside a computer. Mr. Bates does a good job teaching this class with help from Mr. Spaniak. Students are given computers that don't work properly and are taught how to fix them. It gives students a feel for what a career in computers or electronics would be like.

These classes teach students the materials they need to know for their future careers. It is a good way for students to have fun while being in a classroom.

# 1,2,3.. INTENSITY

With teamwork, dedication and perseverance, the girls soccer team made it through another successful season. The four seniors really led the team but had a whole heap of help from the other classmen. As Kelly Robbins(09) stated, "I think we played as well as we did because we understood the benefits of being so close."

Going into the spring season all three teams were fearful of having so few players on their lineup. However, the team quickly realized that they had a small but strong team. The team was so dedicated they willingly gave up many of their weekends early in the season as they did with school time later in the season. It was also a relief that there were few injuries. With the effort and dedication given by each player the result was a great season that everyone should be extremely proud of.

# Breaking Away

Working extremely hard to achieve a great season, the boys soccer teams conquered their goals. The varsity team almost went undefeated with much help from Grant Reed(09) playing an amazing season in goal. Their score for the season was 17-4-1. Scott Ronquist(10) explains " It was a good season for all of us and I think we've all improved greatly." Helping the team out with his skills and crafty moves was Jason Muller(09). He was the leading scorer for the Boys Varsity team this year, and was eighth in the Final Individual Conference Scoring. Michael Swabash(10) also commented " We had fun this year especially the bus rides." The teams received a huge amount of support from the fans. All the great coaching and motivation from Mr. Batchelor helped the team get second in conferences and make it to the second district game. Along with the varsity team the JV and freshmen teams also had great seasons. They all worked together really well and had a great time getting to know each other better. There is no doubt that these boys will have success in the future, next year will be even better.

By: Halley Shaw

1.) Just as the other player receives the ball, Jason Muller, sprints off and makes a break away to the goal. 2.) Stopping the other team from getting any farther, Michael Sahara (09), plays great defense as he steals the ball. 3.) As the ball from the goalie flies in the air, Michael Bingaman (09), jumps in front another player and heads a perfect ball to Joseph Keedy (10). 4.) Going for the corner kick, Anothany Bear (10), serves a perfect ball.

5.) Taking on the defense, Anothany Bear (10), takes the ball to the end line where he severed it in to his team mates.  
 6.) Joe Keedy(10) beats the other player to the ball as he passes it to space where it is then received.  
 7.) Playing a very aggressive game, David Stepanovich (08), and a player from the other team, go shoulder to shoulder until David takes the lead.  
 8.) The other team tries to pass the ball but can't because Jason Muller(09), takes a great step to stop the pass.

" Our hardest team was defiantly Traverse City West, but we usually played pretty well against them." - Guy Schuil(08)

"This season was really good, we all played well and had lots of fun." -Grant Reed(09)

## Heroic Hoops

Boys Basketball has always been a big tradition and a fan favorite here at PHS. The student section, a.k.a. The Blue Crew, fills the gym for some exciting basketball every home game. This year has been a bumpy road for the Northmen but they have managed to keep a good record and decent conference standing. Led by Dustin Dibble and a host of other seniors, the team really looked to them for leadership and great play. The Northmen finished 13-9 in the regular season. The team traveled to Grayling for their district games against Cheboygan and Roscommon, which they won and became the class B district champs for the third year in a row. The fans were pumped for the first regional game against Ludington on our home floor. After a late comeback in the 4th quarter the teams were tied with 13 seconds left. Ludington hit the final shot at the buzzer to end the Northmen season. The loss was devastating to the fans and community but we still have Northmen pride and continue to support the team.

# We Believe

The Blue Crew gets on their feet, eyes concentrated on the teams moving up and down the court. Anxious fans await for Petoskey to score and win another game.

There were seven seniors setting the bar for this season, along with four lower classmen helping them along the way to their many victories. Kirby Tamm(11), led the team in points and made the team more lively.

The girls had a fantastic season this year. Varsity finished 16-4 in the regular season games, and JV had a impressive 10-10 record. Discipline, confidence, perseverance, dedication, and team work built the team into the winners they had become. They communicated and sacrificed their personal dignity for their goal, and they ended with a great season they will never forget.

# Heart

With Twenty-three returning seniors, the team was looking to return to the playoffs. After the first six games the team was in a slump going 0-6, but this was not going to stop the team from giving it their all on Friday nights. The team never quit and they won their last three games. This showed a lot about their character and desire to win. Even though they did not make it to the playoffs they played hard every night and had the support of the community behind them. Petoskey doesn't look at this season as a failure, but as a year of growing as a team. The season was quite the opposite when it comes to the JV and Freshman teams. they each finished undefeated at 8-0. Both teams dominated their competition and continued to work on fundamentals to take them to the next level. Petoskey hopes that the JV team continues its dominance at the Varsity level and make it to the state playoffs.

"Football is like life- it requires perseverance, self-denial, hard work, sacrifice, dedication and respect for authority." - Vince Lombardi

# Starting up high!!

Having their best season since 2002/03 and the most victories since 2001/02, the girls really enjoyed their time together. With a new coach and the fall season, many things changed. The team worked great together and started the season by placing first in the Sault Invitation. With a great beginning the team went into their other matches very motivated. And even when they lost the first few games they never gave up which displayed their mental strength. When it came to districts the team was excited and had a close match against Roscommon. After an intense tug of war game, the girls were ecstatic that they won and finished their match against Cheboygan. Over the whole season they came out with a 35-9-2 record. The JV team also did a good job this year and finished with an overall record of 30-2-2.

# Searching for Competition

Some say that the age of a team determines how well they perform throughout a season, but this year the team's age didn't effect the outcome of a successful season at all. The Varsity Team travels downstate to compete with other schools. Overall, they tend to be proud of how they competed. Their hard work paid off when they took first place at their home tournament with a victory against Marquette. A highlight of the tournament that day was receiving 33 pins as a team.

The team was motivated as they moved on to the districts tournament and beat their first opponent, Sault St. Marie. They competed against Gaylord and faced a lot of tight matches resulting in a loss. The team kept training hard, and soon, were off to the individual districts competition, where six members qualified for regionals. Congratulations to the four that qualified for states.

7. Getting ready to attack, Jacob Kisro(10) stands in the middle of the wrestling mat waiting for the first move to be made.

# Dash To The Finish Line

The cross-country team had a successful season this year. The team rarely had home meets so they had to travel to other towns on the weekend quite often. They were a very dedicated team. "I really enjoyed getting to know all the cool upper classmen through cross-country" says Michael Drake(11). Throughout the season the team worked extremely hard to reach their goals. The boys made it all the way to states and the girls made it to the regional meet. Both the boy's and the girl's team were strong this year. Blaze Henning(08), Derrik Henning(08), and Dan Kerr(08) worked all summer and through the season to be the top of the varsity team. With the same dedication and drive was the girl's Molly Turan(09), Tia Penfold(09), Margaret Liederbach(09), and Katherine Cartwright(09) who worked their way to the top. Everyone on the team seemed to make new friends and walked away with many great new memories.

## Flying to Victory

Running track and competing in field events has always been a great sport to be a part of. Track has one of the highest student turnouts for any sport at PHS. Track is a way to stay in shape, have fun, be with friends and have great competition all rolled into one. Although the guys and girls teams practice together they compete in sperate events. Every year Coach Dickman has many kids make it through to the state meet. Guys and girls from Petoskey Track go to states and compete with the best runners that Michigan has to offer. Petoskey placed first in four events at the Division II meet at Cadillac High School. Derek Henning(08) won the boys 1600 and 3200-meter runs, while Margaret Liederbach won the girls 800 and ran on the lady Northmen first place 3200 relay team along with Amy Bieganowski(10), Tia Penfold(09) and Mary Touran(09). In all, 11 Northmen qualified for the state meet. The Track team did a great job this year and we hope for the same in the future.

# A Season of Change

The golf teams changed their seasons, the girls are now competing during the fall and the boys during the spring.

The boys had a wintery mix of snow and rain, with cold hands and long days.

The girls played in high temperatures during the fall days, walking everywhere.

Both teams made a solid attempt at their goal, which was to make it to regionals. Their effort was strong and even though they didn't do as good as they planned they gave it their all.

The boys averaged 349 and two boys did exceptionally well, Ian Haven(09) and Timothy Eisch(08).

The girls put up a good fight and made it as far as they could.

8.) Waiting at the top of the hill, the Petoskey Ski Team girls stripping down to their G.S suits.

# Ski ya lata'

After a tough start, the Petoskey Ski Team gradually worked their way to the top, resulting in an impressive season. In the conference, boys usually take first and girls usually take 3rd behind Traverse City Central and West, but this year the girls skied extremely well and took first. On the guys side Michael Mack(08), Bradley Ling(08), and Christian Bolton(09) were seated first, second and third respectively, for the A team. They lead the team with the help of Kyle Ronquist(08) and Matthew Varga(08). Everyone on the team pulled together and without that unity the team wouldn't have done nearly as well. On the girls side Mara McMurray(09) stood out by placing first for most of her races. The girls team had great senior leaders, Taylor Smith(08), Sarah VanTreese(08), Anna Vigneau(08), and Laura Furest(08) lead the team to victory with encouragement and support. Everyone, no matter what they were seated, helped out and put forth a lot of support. At the regional meet in Marquette, the boys took first and the girls took second behind Houghton. Luckily they redeemed themselves in states and took first, beating Houghton by ten points. It was a great ending for both teams. Brewster McVicker, who has coached the teams for the past twenty years, has always wanted a double win in states and finally for his last year coaching at Petoskey High School he achieved his dream. Without a marvelous coach, like Brewster, getting two wins at states wouldn't have been possible. Members from both teams wish to take over the leadership of the leaving seniors, who everyone adored, and have a splendid new season next year.

12.) Being the only freshmen skiing on the Petoskey Ski Team at states, Lindsey Reynolds does extremely well placing 14th in G.S.

# Blue Line Crew

The Petoskey Hockey program has been on the rise since their start in 2001. Every year the team gets a little better and gains more fan support. This year the fans were off the charts, packing Griffin Arena to the max every home game. Griffin Arena set record attendance because of the great support from the Petoskey students and community. After a 2-5 slump to start the season, the Northmen found their groove and won four out of their next five games to bring their record to .500. With only six seniors returning to the roster they had to find a way to play with a young team. The presence of senior leadership and the younger players maturity really showed as the team found a way to work together and win. After a big first round district win over Cheboygan the Northmen faced Sue St. Marie and lost with 26 seconds left in the 6th overtime, the longest game in Michigan High School history. Although the team didn't make it to regionals they had a great showing in the playoffs and their determination will never be forgotten.

## Point, Set, Match

Petoskey's Tennis program has been very successful since it started. The guys and girls programs are both competitive and are frontrunners to win the conference every year. The guys Tennis Coach Mr. Trammontini keeps them playing hard and in the mix for district and regional titles. The guys have 4 singles competitors and 4 teams of doubles. The team won over 50% of their matches and beat Traverse City Central which hasn't been done in a while. The girls are coached by Margaret Rumanamp and had a younger team but still competed strong. The team won a trophy for 1st place at the Petoskey Invitational tournament. They had 4 girls that competed in the singles event and 4 teams of doubles that also competed. The girls finished 1st in Regionals after some hard fought matches. The Girls went on to get 8th place at the State meet.

4. Showing a great backhand swing Madeline Johnson(09) concentrates on the ball.

# It was a Long Road to Victory

In the first weeks of softball an analogy was used. Coach Dave Serafini said "We're doing great, we're like the AT&T commercials, we keep going up and up. Now we can't lose all of our service."

The varsity team consisted of nine returning players, seven which are seniors, one of them a Junior and one a Sophomore. We had five Juniors join the team.

In the first game of the season vs. Kalkaska, Petoskey had a few patches of snow, and a high of 45 degrees but still pulled out a win.

Varsity won the Big North Conference Championship, their last BNC game was against Alpena, they won in the ninth inning 2-1, then again 5-2.

They also won the Christi Hoesli tournament for the second year in a row against Elk Rapids, Kingsley, and Morley Stanwood.

May 31, they won Districts against Escanaba and Cheyboygan for the second time in three years. Junior Varsity won the Arthur Hill Tournament, and a tournament held in Benzie Central.

## Steal Home!

The baseball team, this year, had many senior leaders who had the experience and have been on the team for two years now. They brought poise and experience to the diamond. The nine returning seniors had the tools to win a conference championship and maybe a district title. The Northmen finished the regular season at 25-5 and 3rd in the division II state rankings. The emergence of three great senior pitchers can be accredited for the great season. Timothy Bellmer (08) and Brian Loper (08) both posted a loss free record at 6-0. Calvin Tracy (08) also had a great season pitching with a overall record of 5-2. Pitching along with a great defense kept them in a lot of games when the offense was struggling to score runs. The juniors and sophomores on the team also contribute to the winning attitude of the Northmen with great batting and glove skills.

# 1..2..Step!

The Dance Team is a relatively new organization at PHS, but by the way they dance and choreograph one would think they have been together for a long time. With not much time to rehearse or prepare, the girls always put on a great show. They work really well as a team and create great dance routines. The girls put 100% effort in every performance. They did a new dance and had a special theme for valentines day, where the team changed their uniforms and wore love colors like pink and red. The dance team also had a special routine for 80's workout day where they had old school clothing on and sported sweatbands and tights. The Dance Team is led by senior captains Tobi Southwood and Hillary Cohen. They perform at halftime at many sporting events along with school pep assemblies. "Dance team allows me to have fun and stay active" says Kate Piefle. The team gets better every year and with every practice they improve their skills. This is a great new sport for Petoskey and hopefully in the years to come it can grow and become a spectator sport here at PHS.

# Conquering the Elements

With all the extra time that summer brings, it allows students to spend more time with their friends and family. Some students, to earn a little extra cash, take up jobs at the local stores around Petoskey. Besides being out of school, students can look forward to cooling down at the breakwall, playing some ultimate frisbee in the park, or watching the fireworks down on the beach.

No matter the season, the Petoskey students are always ready for a great time. In the winter, Boyne and Nubs Nob are never empty and the ice skating rinks are packed of excited skaters. When asked what her favorite activities in the winter were, Kelly Robbins said "I just love going to the winter sports park with my friends and showing off my sweet moves on the ice." The Open House is another favorite of the students. They can just walk around town, listen to the steel drum band, and pick up some free samples.

# What's Your Super Power?

The PHS talent show, hosted by the FCCLA, was a great success. It was full of many different talents which includes singing, dancing, bands, and comedy. Calvin Tracy (08) and Steven Wojichowski (09) made it all the better by announcing the show in their own unique way. It was a great show full of excitement and laughs. The crowd was amazing and made each act seem more realistic to an actual concert. With the great energy from the audience and the astounding acts, everyone truly enjoyed themselves. A big thanks goes out to all those who helped out back stage, without all their hard work the show wouldn't have been possible. All the contestants were amazing and brought a lot of energy to the stage, like the break dancers, Michael Vang (09) and Edward Kue (08). There were awesome bands, and great singers, like Claire Huder(11) and Jake Weld(08). There was also a really close competition between the bands that had to be decided by a dance off. After the amazing performances of the contestants this year, next years talent show is highly anticipated.

3. For only a moment, sophomores Julianna Will and Madison Tefo, stop dancing to catch their breath.
4. Dressing to the theme of a "Black Out" these sophomores are all ready to start dancing.

# Romance and Space Pants

Homecoming and Snowcoming are two of the most eventful weeks of the school year. The week starts with Spirit week, where the students and the staff dress up according to the day's theme. Next comes the Homecoming or Snowcoming games, where the stands are always packed with students eager to cheer for the Petoskey Northmen, and finally comes the dance. Girls get dressed up in fabulous dresses, and the guys put on their best for these occasions.

For the 2007 Homecoming Dance the theme was Black-Out, and the crowned King and Queen were Carly Wilcox (08) and Timothy Godfrey (08). During the "Black-Out", it was all techno and black lights, and the dance floor was full of energetic students ready to dance all night.

When Snowcoming came around, the entire student body was ready to have a good time. "Out in Space" became the theme, and when the time came, the cafeteria was decked out in stars and lights. Just before the dance, at the Snowcoming game, seniors Sarah Scudder and Jeffrey George, accepted the title of Snowcoming King and Queen.

Homecoming and Snowcoming have been a P.H.S tradition, that allows students to interact and socialize, while still earning money to help the school. This year, both dances lived up to the P.H.S standard of a great night.

4. A group of seniors take a break from the dance floor to sit and talk.

# A Night To Remember

The 2008 prom was great this year, the theme was Midnight Masquerade and it was held at Castle Farms. There were many students that attended the dance and had a great time. The prom king and queen this year were seniors Elora Smielewski and Jesse Ruggles. There were many wonderful memories made that night. The DJ played great music like *Low*, by Flo Rida, and *Sandstorm*, by Darude, everyone danced the night away. The prom committee did an excellent job on the decorations, it went really well with the Midnight Masquerade theme. Junior Michael Witkowski said "It was a lot of fun and I'm really looking forward to my Senior prom." Everyone looked great and had a wonderful time taking pictures together and dancing all night long. The 2008 prom was definitely a night to remember.

8. Taking a break from dancing, Kayla Magee(09) Samantha Gibbs(09) and Ashley Burch(09) head out to the balcony.

# Fired Up!

Every assembly is started with Mr. Snyder giving his infamous greeting, "You're looking good PHS!" and every assembly is ended with a huge PHS cheer. Assemblies are a great way to pump up the students for the upcoming games.

Assemblies are known as blue and white days where everyone shows up in their finest Northmen apparel. Pep-assemblies are a school favorite, especially during spirit weeks. This is when each court compete against the other members, in crazy games. The student council always comes up with creative ways to pump up the student body for the upcoming events. This year students came together with games of volleyball, human bowling, tug-a-war, and money diving. The students aren't the only ones that get in on the fun, members of the PHS staff join in with bull riding and intense games of dodgeball. There is also a serious side to assemblies. Some deal with abstinence from alcohol and drugs and different issues that students may experience. No matter the type of assembly, fun or serious, the students and staff gather into the gym to bring together the PHS family.

# Students in Disguise

Each year students try-out for the two school plays which always end up as a hit. This year the plays were "Your a Good Man Charlie Brown" and "Anything Goes". The casts consisted of many talented actors and outstanding backstage crew. They were phenomenal with the lighting and background music provided in both performances.

"Your a Good Man Charlie Brown" is a play based on Charles M. Schulz's comic strip, "Peanuts". The play portrays the life of the well-known characters such as; Snoopy, Charlie and Sally Brown, Lucy Van Pelt, and the many other interesting kids. The lead of Charlie Brown was played by senior Dylan Dunn who included a childish sense of confusion and humor.

Making the transition from a childish setting to a romantic comedy, the cast of "Anything Goes", were involved with criminal masterminds, forbidden love, and of course all the hilarious drama. The three major characters included; the long lost lovers Billy Crocker played by Phillip McLellan (09) and Hope Harcourt portrayed by Morgan Saunders (09), and finally the scandalous Reno Sweeny played by Dorothy Meier (10). The entire cast of "Anything Goes" added their own touch to each character, making the play a complete success.

# Super Heroes in Disguise

Spirit Week is a time for students to unwind from the hectic school life, with the help of crazy costumes found in either parent's closets or thrift store. Not only are these weeks a time for students to let out their creative side, but also to pump up the teams for the upcoming Homecoming and Snowcoming games. This year the Student Council came up with days such as Cheesy Sweater Day, Student Teacher Flip-Flop Day, Yooper-Deh, Space Day, and of course the school favorite, Blue and White Day. This year the students have gone to the extremes, wearing shorts and tank-tops in the winter only to show off their paint jobs, and who could forget the crazy accessories, wigs, beads and a ton of glitter. The main objective- dress to impress.

For each day two students are presented with free tickets into the dance, because of their outstanding ability to dress to the theme. Some of the winners for the weeks included Michael Bingaman (09) for Cheesy Sweater day, and Timothy Godfrey (08), for his Winnie Pooh costume on Disney Day. Snowcoming week was just as exciting and it was hard to determine who would take the titles, due to the many students that displayed extraordinary spirit.

By: Devan Arms

1. Going all out on Yooper-Deh, Alexandra Pepin (08) struts her stuff as she gets into character.
2. Lookin' Good with his immation of Mr. Snyder, Dmitry Kogan (09), has the presence of a true principal.
3. Who could pass up an opportunity to wear a Goofy costume? Not Eric Berger (09), who paraded around the halls in his crazy suit.
4. Showing off their snazzy sweater vests are juniors, Rosemary Lewinski, Kelly Robbins, and Lashley Schulingkamp.

1. Wearing matching, homemade outfits, seniors Elizabeth Maragioglio and Gerard Henning, make outer space look good.
2. Using up every piece of duct tape that she could find, Alyssa Cleland (11), shows off her brightly colored outfit.
3. Only Cheyanne Pieffer (08) could pull off wearing a rocket ship around school all day.
4. Taking the standard body paint to a whole different level, freshman, Madison Hooley, uses dots and painting half her face, to set herself a part.

"This has been my favorite day yet, because all I had to do was go find things in my dad's closet."  
-Alexandra Taylor (10)

"Getting elected to Snowcoming court was amazing, and I love dressing up for the crazy days."  
-Alyse Harger (08)

*He Only Takes the Best*

God saw you getting tired,  
And a cure was not to be.  
So he put his arms around you,  
And whispered, "Come to me."

With tearful eyes we watched  
you,  
And saw you pass away.  
Although we loved you dearly,  
We could not make you stay.

A golden heart stopped beating,  
Hard working hands to rest.  
God broke our hearts  
to prove to us,

He only takes the best.

You can shed tears that he is gone  
 Or you can smile because he has  
 lived  
 You can close your eyes and pray  
 that he'll come back  
 Or you can open your eyes and see  
 all he's left  
 Your heart can be empty because  
 you can't see him  
 Or you can be full of the love you  
 shared  
 You can turn your back on  
 tomorrow and live yesturday  
 Or you can be happy for tomorrow  
 because of yesturday  
 You can remember him only that  
 he's gone  
 Or you can cherish his memory and  
 let it live on  
 You can cry and close your mind  
 Be empty and turn your back  
 Or you can do what he'd want  
 Smile, open your eyes, love and go on

Only the Good die Young

# *The Adventures of the Northmen Spirit*

The 2007-2008 Petosegan, volume 85 was published by Jostens Yearbook Company. There were 350 copies of the yearbook printed. Tom Keiswetter, is our yearbook representative, met with us when we needed help. Our Plant Consultant was Andrew Buhler. The yearbook staff used Jostens online Yearbook Avenue. Geskus national school studios, Inc. served as our school photographer.

There were 180 pages in the 2007-2008 yearbook; of those 16 were in color. Times Roman, Helvetica, Aachen, Fatback, and Sprint fonts were used on all spreads; the body was in 12 point, the captions were 10 point, and the headlines were 34 point.

The yearbook advisor is Joel Hunt, the editor-in-chief are Kelly Robbins and Sarah Rynbrandt, business manager is Joele Mueller, and creative director is Jeudi Xiong. Section editors are Devan Arms for Student Life, Halley Shaw in sports, Ashley Burch for Academics. All staff members were reporters and photographers. The Petosegan staff belongs to the Michigan Interscholastic Printing Association (MIPA).

The yearbook staff would like to thank CMA Photography for taking all the team photos, Trish Murray for tennis photos, Steve Foley for baseball photos that were used in the yearbook this year. Mrs. Denise Henley, Mrs. Rosemaire Bower, and Mrs. Cathy Richardson were instrumental in providing contacts and information for students, coaches, and teachers. The staff would also like to recognize the coaches, advisors, and parents who helped by donating time and information to assist us in creating the most complete and accurate information possible. Mrs. Sandy Bollinger and Mr. Mike Frampus helped by loaning additional cameras for the staff to use. Finally a big thank you goes out to all the businesses that helped us by purchasing an advertisement for this years book. Without their help the production of this book would not be possible.
