NORTHMEN PRIDE

Q & A:

What does it mean to you to be apart of Northmen Pride?

Landon Page (11th): "When someone asks you where you go to school, you feel proud to say that you go to Petoskey, also being loyal to people that want to help you succeed when you get out is also apart of it."

Charles Ramirez (11th): "To me Northmen pride is knowing that at the end of the day the lessons I've learned and respect I've learned as part of the Petoskey Northmen will always be with me."

ANDERS MCCARTHY.

What's your favorite part of soccer?
"My favorite part is our energy and chemistry on and off the field". -Azor Ashley

"With eight sophomores on varsity, this was the youngest team in school history. We scored the second highest total goals in league play, with Hunter Hicks leading the league in scoring. However, we gave up the second highest total goals. We were competitive in every match though as evidenced by our 3-2 loss to league champion TC Central and taking eventual district champion Gaylord into overtime in the first-round of districts before losing 1-0. The future is bright for the Northmen."- Coach Zach Jonker.

HOMECOMING DANCE

Homecoming is one of the three dances offered here at Petoskey High School. It's a fun opportunity that allows you to get to know your peers early on in the school year. Many students agree that the best part of homecoming night is going out to dinner with all of your friends for a nice meal before you hit the dance floor!

Q & A with Charlotte Somerville

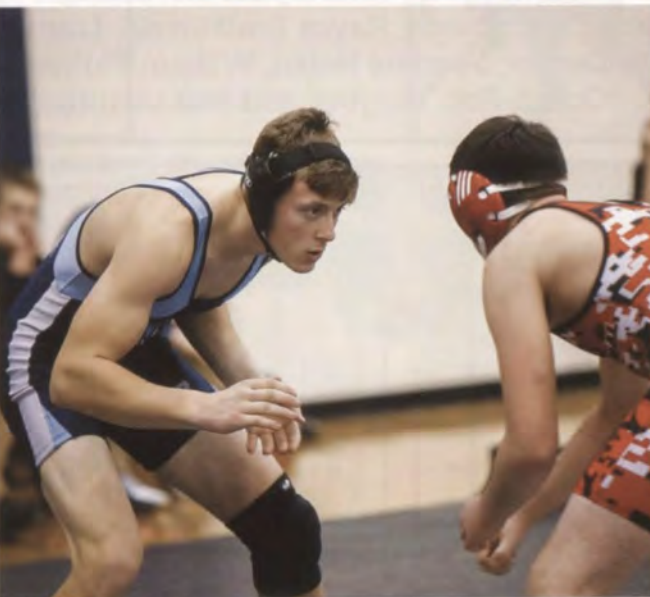

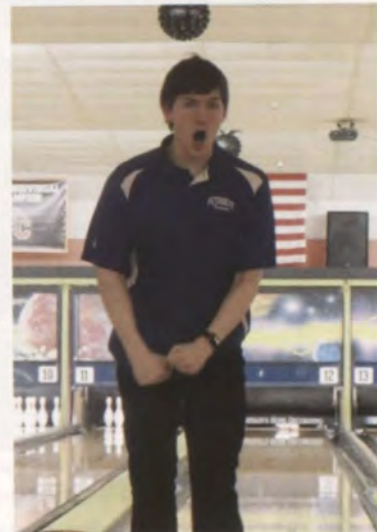

1. (Q) Is the fall show a big commitment? (A) It is a big commitment, but in the end, if you try your best and work hard, the show becomes a place where you want to be.
2. (Q) What's the most difficult to learn choreography or singing? (A) For this show probably the choreography because it was harder than usual. It's hard at first when you first learn it but the more time and reps you put in the more you're ready.
3. (Q) What's your favorite part about the show? (A) My favorite part is all the friendships you make throughout the production. You spend so much time together that by the end it's like one big family, even after the show. The directors and cast put so much effort in and it makes this experience truly amazing.

ONE TEAM, ONE DREAM.

Petoskey Wrestling had a very impressive season. They had an amazing start with two dominating wins. The season carried on from there and they kept improving and thriving. Coach Gross, was very optimistic throughout the season, always encouraging the team for the better! All their hard work definitely paid off in their favor. Trevor Swiss, Rippin Vining and Eero Gross all placed at the districts to move on to the state competition. Trevor placed 1st, Rippin 2nd, and Eero 3rd. -Paige Harris

"This season was going to be very different from last year. With many seniors leaving we had a young team, but we had all been practicing through the winter and were excited for the season to start! I'm pretty disappointed about the season being canceled, especially since we've all been working so hard to prepare for it. I'm glad it's not my senior season. I'm looking forward to next year! Because of this Pandemic, I think we will all definitely appreciate next year's season a lot more.

None of us really realized that it was something we took for granted until it was taken away from us."

Aurora Sears, on the season ending early I thought we had a chance to win states for sure this year. We had huge potential and capability with the freshman class that came in along with the 5 seniors. We were the team to beat and w really had our sights set on Escanaba. I am really sad the season was canceled, and I am thankful I have the opportunity to play at the next level, I really would have liked to have played on senior night or have a chance to play in the state tournament.

Grant Tripp and Timmy Lake Interview

What did you think your season was going to be like this year?

Grant- We had a solid team built around great coaches ready to take on the MHSAA Division II Championship.

Timmy - I thought it was going to be a lot of fun. We had a great team, a lot of talent and would of made a good run in the conference and post season.

Who were the teams to beat?

Grant - All of them.

Timmy - Cadillac, TC West and Saginaw Heritage

How do you feel about the season being canceled?

Grant - It felt like a gut punch, I didn't think it was real.

Timmy - Hurts, especially being a senior. Gonna miss my teammates coaches and the memories we should of had.

What do you think will be different in the future because of this Pandemic?

Grant - I really do think people will have to follow a "social distancing bubble" and not make direct contact out in public.

Timmy - How you can't take anything for granted and to enjoy all the memories.

What did you think your season was going to be like this year?

"I personally thought this season was going to go very well and I was expecting big things out of all the seniors and the new kids that came out this year."

How do you feel about the season being canceled? "I'm devastated, I wasn't able to play one last season with the seniors, because I've been with them since freshman year. All of them have improved tremendously."

What do you think will be different in the future because of this Pandemic? "This Pandemic has been crazy, but the only thing to do is live on! C'est la vie!"

Luke Sumpter Interview

What did you think your season was going to be like this year?

"This years season had loads of potential for the boys. Not only did we have lots of new talent for the team, but every member was really looking forward to the season ahead of us."

Who were the teams to beat?

"Gaylord has been a tough team these past years, having had several college recruits. This year, however, was looking to be different. Any team could have had a run at the top spot."

How do you feel about the season being canceled?

"Although expected, it was very disappointing to see the season get canceled. Year-round our players are putting in the work to set this team up for success, and to see that go to waste is sad for all of us. Not to mention the seniors who will never post another score for the team."

What do you think will be different in the future because of this Pandemic?

"I think this pandemic will have a lasting impact on people all over the world. It should go to show us that we can never be too careful or prepared for situations like this in the future. In terms of sports, I don't anticipate much change besides losing what could've been a great season for everyone."

I was really looking forward to this season, because we had a really amazing group of people this year. I'm really gonna miss everyone. I also thought this season of track was going to be a really good one."

-Kaitlyn Bingaman

"I'm definitely very disappointed about the season. Track is always a blast and this was my last season with many of the seniors I run with. They are amazing, so it is definitely very sad. This Pandemic will probably produce a lot of germaphobes, but also may change how we view our every day lives and how thankful we should be for the opportunity to take part in sports."

What did you think the season was going to be like? - This season was going to be a lot of fun. I was looking forward to it a lot, as it was my senior season. We also had a great group of guys that have put in a lot of work together.

Who were the teams to beat this year?- TC Central always has a strong program within BNC. In our region, Big Rapids is our biggest competition.

How do you feel about the season being cancelled?- Obviously everyone is bummed the season was cancelled, but the seniors are especially effected. This was really the way for a lot of us to cap off high school. Going forward, I think that a lot of people will learn to not take things together.

COMPUTER SCIENCES

MED-OCC.

BUSINESS

Mrs. Jane Babcock

Business is a course where students can learn and get a better understanding of business. This includes forms of business organizations, entrepreneurship and business management. You also get a chance to get certified in Microsoft. Students will also have the chance to explore business opportunities and careers that they may be interested in.

PERSONAL FINANCE

Personal Finance is where Students get the chance to participate in a game simulation called Budget Challenge®, which is an online 10-week personal finance curriculum and assessments. Students even experience realistic consequences of financial mistakes such as bank fees, late fees, and damage to credit health.

"Studies show students who earn certification have an increased graduation rate, higher G.P.A., increased postsecondary enrollment and improved confidence"
- Mrs. Babcock

Accounting is a course in which students learn how to manage money and deal with transactions. Students also learn how to use a cash flow statement and a balance sheet.

CORONAVIRUS (COVID-19)

Life During the Pandemic

I have never experienced anything like this before. It is very sad, the

death, sickness, and hard ache on families. I have friends that are doctors and nurses here and in big cities, asking me about our will because they need to make one just in case for their family. I, myself live with a cop who is constantly with people daily that could have the virus and has already been sent into quarantine once. It is a scary world right now. However, this lock down has given me much needed time to spend with my family going for walks, playing board games, teaching them to cook, cleaning the house and teaching them sports. It also has been nice hearing from my long-lost friends that are calling to check on me because of my past health issues.

Three major events have impacted my career as an educator and altered my individual paradigm of thinking.

These events were the Columbine Shooting, 911 and the Coronavirus Pandemic. These events were so horrific, and the world seemed so dark. Then the true heroes emerged. People that put their lives on the line for others. People who serve. It has reminded me that we place too much emphasis on power, money and status. Faith, family, kindness, empathy, and gratitude become valued again and we come together as a human race during these times. The coronavirus has probably been the most difficult event because the human spirit has had to flow through cables and screens, and we can't embrace each other as humans. I am always reminded of the quote that "Difficulty does not leave until you learn from it." Let's learn to value what is truly important.

If I think back to the week of March 13th and hearing for the first time that schools were going

to close until Spring Break, I would never have guessed that it would be the last time that I would see my students in person for the rest of the year. Everything has changed and it is completely overwhelming at times. Many in my family, including myself, are diabetic which puts us at a higher risk of having a more difficult time battling Covid-19 if we are to get it, which has scared me. I am trying to embrace this new "normal" by getting outside, finishing household projects, spending time with my immediate family, enjoying a slower pace of life and learning new ways to teach online. Also, I have been so encouraged by many of the messages that I am getting from my students and fellow teachers and I cannot thank them enough.

Freshman Stay Home

The Rindfusz's have been staying active outside and going on hikes.

Reagan Walsh getting some work done at the family cabin.

Cassidy Whitener has been passing her days by spending time baking.

Annie Jones and her sister spending their time in lock down outside.

Lila Bolden gets some family time in, in Florida right before lock down.

Although the Class of 2023's first year of high school was cut short, many are enjoying their coronacation. They are staying active by filling their days with TV, movies, cooking, outside activities, Tik Toks and more.

"I've been spending my time, by staying outside and watching movies!"

- Jordyn Lake

"What happens in quarantine stays in quarantine."

Reagan Walsh

"My family and I spent some time in Florida with other family before the state went on lockdown. We had fun going to the pool, playing beach volleyball, and getting some sun! Now we've been home for a while and playing UNO like it's going out of style. I'm still getting outside as much as I can, to do some of my favorite activities. My favorites being volleyball, biking, and going on walks. I'm so excited for all of this to be over. On the bright side, this is a good time to spend at home with family and a great time for a mental break!"

It was all very sudden and not expected at all! I haven't left the house in almost a month and I actually miss my friends. Also, a lot of people had to cancel there spring break because of it and I feel really bad. I know a lot of people especially seniors, were looking forward to springs sports so I feel really bad for them!

-Madeline Shaw

I think this pandemic will make people realize all the treasures they took for granted, like driving around and spending time with friends and how it is a privilege and not a necessity.

-LilliAnn Langlois

To stay busy I eat food, go on walks, go on bike rides, exercise, have family dinners, watch netflix and youtube, tan, skateboard, do crafts, I also shower and dress up for fun.

A lot of Juniors have taken up hobbies and interests in order to stay busy during lockdown. These include baking, painting, fishing, going on walks, watching lots of movies, and dying their hair. Most of them are enjoying their SAT, WorkKeys, and MStep-free break.

"The only things I have done during quarantine was cry and watch tik toks"

-Hailey Paulsen

I've decided I hate my house. Not for any particular reason. Just because I'm in it"

-Katherine Bishop

"Enjoying my quarantine getaway, but I hope things will get better soon"

Although many are enjoying their break during this lock up, seniors are grieving. Along with missing out on prom, graduation, senior walk, and senior breakfast, many will miss saying goodbye to their friends and lifelong teachers. All of us seniors are so thankful for our four amazing years of high school, even during these difficult times. Thank you to everyone at Petoskey High School who have made it so memorable. We will never forget our experiences we have had.

What will you miss most on senior year during this lock down?

"Making my last couple of memories with not just my friends, but with my teachers as well." - Elizabeth Waldvogel

What were some things you were looking forward to before this lock down?

"The starting of my senior baseball season, the senior all night party, and just hanging out with my friends before we have to go our separate ways this coming fall." - Jacob Sobczak

Do you think the world will change once this lock down is over?

"Oh for sure. I think this will definitely change our relationship with China from a political standpoint and decrease our resilience on other countries for essential goods." - Joe Farley

A YEAR LIKE NO OTHER

REFLECT ON HOW THIS IMPACTED YOUR YEAR ?

When school began in the fall, no one could have ever predicted how the school year would end and end it did! On March 13th, the Michigan Governor, Gretchen Whitmer closed schools, until April 7th. Students were excited, thinking that their spring break would be "extended" due to the world-wide Covid-19 Pandemic, however, on April 3rd, the governor closed the schools for the rest of the year to prevent the spread of the virus in Michigan. Students were extremely disappointed! So many school treasured events and sports did not happen. All spring sports were canceled, prom, senior skip day, and graduation to name a few. Students had to adapt to remote and online learning. Students could not even see their classmates, as they practiced a "stay at home" policy and "social distancing" (a term that we never heard before). Since we did not enter the school building again, the yearbook had to be finished by students at home, however, we are glad that we were able to capture many of the earlier memories of the 2020 school year! We are all proud to be able to display our Northmen Pride, which can not be affected by a Pandemic!

Colors of blue and white.
In whatever battles we fight,
We'll fight with all our might
R A H , R A H , R A H !
Victory is always our goal,
Sought till we meet with success.
With all our spirit, with all our soul,
We're loyal to PHS.
With all our spirit, with all our soul,
We're loyal to PHS!
