In July 2014, the Library replaced the old online public access catalog (OPAC) with BibloCommons. This new platform integrates seamlessly with our data and provides patrons with an interactive social discovery experience similar to what they are accustomed to seeing elsewhere on the web. The new site is greatly enhanced with beautiful cover art and Lexile data, along with a variety of other formats, including downloadable e-books and e-audio. Patrons are now able to read reviews by others, create custom lists (shelves) for themselves, including previously read items or items they may want to read in the future, and library staff can create “staff picks” lists featuring staff recommendations.

Karen Sherrard officially retired January 2015 from the Petoskey District Library after ten years of service.

Karen first joined the library just in time to help move from the Carnegie into the new main Library. She loved working with the children who helped carry some of the children’s collection to the new location.

Karen enjoyed community outreach events where she would get books into the hands of people who are not typical library users. She was well-read and excellent at helping patrons select that perfect book. She was also a supporter of the Lakeview Academy and loved to donate books to their growing collection.

Karen has gone south to Atlanta to be closer to her children and the sun.

The Friends’ annual card party fundraiser generated more dollars than ever! Money raised will be used to help provide Life Long Learning opportunities, including purchasing Great Courses and partnering with NCMC on classes.

Plus: The Friends also purchased the monitor over the check-out area, hosted the book giveaway at Christmas and gave book bags to children in foster care. They hosted 11 presentations in the Friends @ the Carnegie lecture series with 460 attendees. Their year-round used book sale continues to raise annual funds for children’s materials.

**Did you know...**

...the Youth Department regularly hosts non-traditional programming like Crazy 8s and RadKraft?

5,844 children attended 442 different programs hosted by the Youth Department throughout last year?

...our digital book collection circulated 8,100 items last year?

7,191 registered library card holders checked out 134,663 items from the library last year?

---

They hosted 11 presentations in the Friends @ the Carnegie lecture series with 460 attendees. Their year-round used book sale continues to raise annual funds for children’s materials.

**ABOUT THE FACILITIES**

- The Main Library was used for 769 meetings and librarians proctored 15 exams.
- 33 different programs and classes, such as Hobbies in the Lobby and Byte Sized Tech, had 480 attendees.
- After ten years of public use, the building is beginning to show some age. A plan for cleaning, repairing, replacement of sinks, faucets, carpeting and chairs will be developed.
- Old step stools have been replaced with safer ladders for patrons to reach top shelves.

**Comming in 2015:**

Valerie Meyerson was named the new library director to take over for retiring Karen Sherrard. Meyerson begins her tenure the end of January 2015.

... thank you very much, you have reinforced the virtually universal positive experience of my last four years with reference librarians across the country.”

---

**FROM THE YOUTH DEPARTMENT**

- Two new AWE Educational computers funded by the Friends of the Petoskey Library provide educational games for pre-school through elementary age children.
- The Babies and Me program continues with an average of seven babies attending per session.
- The strong partnership with our neighbor, Crooked Tree Arts Center (CTAC), continues to blossom with our new Kids Day Off program. On scheduled days off from area schools, kids start with programs offered at CTAC in the morning and then move to the Library for an afternoon of arts and crafts fun, movies, books and more!
